Vicki taught an instructor certification class January 2007

I (Juanita) have another instructor certification class schedule for April 2007.

Craft Skill Assessments:

We proctored pre- and post-assessments for ANTHC in January and February. Classes were taught by AWP and held in Fairbanks and Anchorage.

General:

The AGC Conference Committee would like the Education Committee to arrange another Education track at the annual AGC statewide conference in November. The Education Committee will meet next quarter to discuss the request.

NCCER published a book called "Careers in Construction" that includes the DVD mentioned in last quarter's report. We ordered the books so that they can be passed out to schools to further educate students and the education staff (teachers and counselors) about the variety of careers available in our construction industry.

PLANNED ACTIVITIES FOR NEXT REPORTING PERIOD:

Describe the grant activities you expect to complete during the next month.

We will continue working with schools in our program and continue to try and contact those we're currently not working with.

PROBLEMS, DELAYS OR CONCERNS EXPERIENCED:

Are the grant activities progressing as planned? If not, what is the cause? Identify if there are any areas the Alaska Workforce Investment Office can provide assistance.

No problems so far.

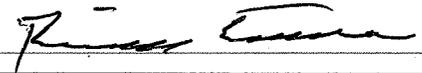

POSSIBLE PROBLEM RESOLUTIONS AND TIMEFRAMES:

For any problems identified, describe how you will resolve them and how long it will take.

March 16, 2007 was the previous Education Director's last day at AGC of Alaska; steps are being taken to fill the position as soon as possible.

Certification: I certify that the above information is true and correct and in accordance with the terms and conditions of the agreement.
