

DENALI COMMISSION

OFFICE OF INSPECTOR GENERAL

Strategic Plan

Fiscal Years 2021-2025

A MESSAGE FROM THE INSPECTOR GENERAL

I am pleased to present the Office of Inspector General's Strategic Plan for fiscal years 2021-2025. This is the first strategic plan issued by the Office of Inspector General during my tenure. This plan has been developed to align our responsibilities with the goals and priorities of the Denali Commission's programs and operations as set forth in its [Fiscal Year 2018 - 2022 Strategic Plan](#).

We have four strategic goals aimed at helping ensure efficiency, effectiveness, and transparency in Denali Commission programs and operations:

- Protect the Federal investment made by the Denali Commission in Alaskan infrastructure in rural Alaska.
- Promote integrity, efficiency, accountability, and good government through robust, independent oversight of Denali Commission programs and operations.
- Increase OIG mission impact through effective communication and stakeholder engagement.

The OIG recognizes that strategic planning supported by performance goals and objectives is an ongoing process. While the mission of the Denali Commission and the OIG remain the same, the opportunities and challenges confronting them continually change. The Denali Commission's strategic plan will change, and this will lead to adjustments to the OIG's strategic plan. The OIG will monitor its progress towards the goals of this strategic plan and assess the continued relevance of the plan on a periodic basis.

Overall, these goals will guide the OIG and those who support its mission as we continue our efforts to oversee the Denali Commission's programs and operations and to bring positive change to the Denali Commission.

RODERICK H. FILLINGER

Inspector General
